Kesimpulan

Berdasarkan hasil analisis multi-antivirus (VirusTotal) dan data statis, file Lab01-01.exe terindikasi kuat sebagai malware (Trojan/Backdoor). Hal ini didukung oleh deteksi dari mayoritas engine antivirus (56/72), label threat seperti 'trojan.ulise/aenjaris', serta adanya perilaku mencurigakan. Meski ClamAV tidak mendeteksi, file ini **sangat tidak aman** untuk dijalankan di sistem produksi.
